WORK EXPERIENCE

Industry Project Intern   2024

Dassault Systèmes, Pune
Working on a Machine Learning project.

Associate Finance Head   2023

Geeks for Geeks VIIT, Pune
Played a pivotal role in overseeing the financial operations of the club.

PROJECTS

Enhanced Driver Safety System Using Machine Learning   2024
 Github

Utilizes machine learning to analyze facial expressions or vehicle data, alerting drivers when signs of drowsiness are detected, thus enhancing road safety.

Professor Portfolio Website with Admin Panel   2024
 Github

A web app showcasing a professor's portfolio with publications, projects, teaching materials, and an admin panel.

Cloned Razorpay site   2023
 Github

Used 'Tailwind CSS' framework, which can quickly style elements without having to write custom CSS, significantly speeding up the development process.
